

Hello World

The Maine

Hello world
Hello sun
Man on the moon
Man on the run
Hip shaking sound
lips moving slow
My whiskey straight
Your whiskey cold

And I said,
Hello world [x4]
Wherever you come from

Let's take a trip
You can come along
We'll take a sip
We'll sing a song

Leg shaking sound
All nice and slow
Your whiskey straight
And my whiskey cold

And I said,
Hello world [x4]
Wherever you come from

Hello world [x4]
Hello something

Hello world [x4]
Wherever you come from

Hello (hello)
Hello (hello)
Hello (hello)
Hello (HELLO)
