

# You Left Me

The Maine

Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips  
These lips

Everything looked fine from here  
Everything looked more than clear  
But now you are gone  
And I'm still here

So check it out (so check it out)  
I wrote it down (I wrote it down)  
In case you ever left us out  
And baby you can find me  
'Cause I quit right now

Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips

Whoa whoa (You left me)  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
whoa whoa (Baby, baby)  
(2x)

So now I'm pressin'  
But I ain't stressin'  
She's got a man  
I'm with her best friend  
Tried at love but it never really stuck  
She said it's love but I didn't give a fuck

Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips

Whoa whoa (You left me)  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
whoa whoa (Baby, baby)  
(2x)

You left me  
You left me  
Baby

And now I'm better cause you left me  
I just left 'cause you let me  
Don't keep calling, just forget me  
Don't keep calling, just forget

Oh, you left me with a broken heart  
And now I see you as I should of from the start

Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips

Whoa whoa (You left me)  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
whoa whoa (Baby, baby)  
(2x)
