

## Southern Woman

The Marshall Tucker Band

The more I look at you  
The more that I can see  
You're the woman  
That could ever be meant for me

I've been looking  
For quite some time  
For a southern lady  
That seems to suit me fine

Ooh southern woman  
Seems to suit me fine

I don't know your name  
I don't really care  
To want a woman like you  
Really can't be fair

I've been looking  
For quite some time  
For a southern lady  
That seems to suit me fine

Ooh southern woman  
Seems to suit me fine

I don't know your name  
I don't really care  
To want a woman like you  
Really can't be fair

Ooh southern woman  
Seems to suit me fine

Ooh southern woman  
Seems to suit me fine
