

# Walkin' And Talkin'

The Marshall Tucker Band

I'm standin here Lord, ain't got a penny to my name  
I been walkin around like a fool  
Ever since you left, Lord things ain't been the same  
You got me walkin and talkin away my blues

You got me walkin and talkin away my blues, Lord  
It's the only way, woman, I'll forget about you  
Someone sittin down and talk the talk  
Oh woman I'll take me a long walk  
You got me walkin and talkin away my blues...

Lord it wasn't my fault  
I wasn't completely to blame  
But honey how I miss you  
I sit here every night, Lord, out loud I call your name  
You got me walkin and talkin away my blues

You got me walkin and talkin away my blues, Lord  
It's the only way, woman, I'll forget about you  
Someone sittin down and talk the talk  
Oh woman I'll take a long walk  
Walkin and talkin  
Walkin and talkin  
Walkin and talkin  
Walkin and talkin my blues!
