The Moody Blues

Dawn is a feeling, A beautiful ceiling. The smell of grass Just makes you pass Into a dream. You're here today, No future fears, This day will last A thousand years If you want it to. You look around you, Things they astound you So breathe in deep, You're not asleep, Open your mind. You're here today, No future fears, This day will last A thousand years If you want it to. Do you understand That all over this land There's a feeling? In minds far and near Things are becoming clear With a meaning. Now that you're knowing Pleasure starts flowing. It's true life flies Faster than eyes Could ever see. You're here today. No future fears. This day will last A thousand years If you want it to.
