

# Rock 'N' Roll Over You

The Moody Blues

Like a rock  
I'm gonna roll over you  
Like a rock  
I'm gonna roll over you

Not gonna lose my nerve  
Not gonna fall apart  
Not gonna turn the tide  
Not even gonna start from the top  
Not gonna lose control  
Not gonna turn around  
Not gonna break my step  
Not gonna till I take you to the top

Cause there's something baby  
That I want you to know  
What price love  
If there's nothing to show

Like a rock  
I'm gonna roll over you  
Like a rock  
I'm gonna roll over you

No need to close the door  
No need to lose your way  
No need to stand alone  
Just try to understand what I'm saying  
(Cause I'm gonna hold on)  
Not gonna turn you loose  
Not gonna bring you down  
Not gonna let you go  
I only want to take you to the top

'Cause if I don't have you  
Then I want you to know  
What price love  
If we've nothing to show

Like a rock  
I'm gonna roll over you  
Like a rock  
I'm gonna roll over you  
Rock 'n' Roll over you
