

Say It With Love

The Moody Blues

I've been thinking the way people do
'Bout the things that matter
To me and you
I've decided to do what I can
And to find the kind of man
I really am

I can see the world from here
And it sometimes makes me
Want to disappear

Back to nature, that's where we belong
And with just one truth I've found
You can't go wrong

Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love

I remember a long time ago
When I heard those guitars
That I worship so
I was captured, I wanted to stay
And to hear that kind of music
Everyday

Heard the songs around the world
Saw the smiling faces
On the boys and girls
I was destined to play come what may
And there's just one thing
I knew I had to say

Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love

Underneath a sea of doubt
There's a million voices shouting
"Let me out!" (Let me out!)
When we go, we never return
'Cause there's just one lesson
That we got to learn

Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love
Say it with love
