

Survival

The Moody Blues

Shadows of night
Falling over my head
People walking
Passing me by
Shadows of dreams
Falling out of the blue
People talkin'
What can I do?

Where do I go from here?
Where do I go from here?

I could give you any dream and watch it grow
I could take you for a ride but you would know?
I could tell you every answer that I know
It wouldn't be much though
It wouldn't be anything you didn't know

But survival
Nothing more than survival
Survival
Nothing more than survival

Shadows of days
Hanging endless in time
Slowly fading
Passing us by
Shadows of worlds
Disappearing from view
People asking
What could we do?

Where do I go from here?
Where do I go from here?

If I gave you every dream, would they grow?
If I took you for a ride, would you know?
If I told you every answer that I know
It wouldn't be much though
It wouldn't be anything you didn't know

But survival
Nothing more
Than survival

Survival
With nothing more
Than survival

Survival
Nothing more
Than survival

Survival
With nothing more
Than survival

Survival
With nothing more
Than survival

Survival
With nothing more
Than survival

Survival
With nothing more
Than survival

Survival
With nothing more
Than survival

Survival
With nothing more
Than survival

Survival
With nothing more
Than survival

(In your love I have all)
(That I need for survival)

(With your love)
(I have all that I need for Survival)

(With your love)
(I have all that I need for Survival)
