Thank You Baby

The Moody Blues

Thank you, baby
You stood by me
When times were blue
Thank you, baby

Now I'll make it up to you
Gonna make time
Stand still
You know I will
Gonna make time
Stand still
And every day I'm gonna say
And every day I'm gonna say
Thank you baby
You gave me love
And pulled me through
Thank you, baby

All the time I needed you
Gonna make time
Stand still
In my place
Gonna make time
Stand still
In my place
Gonna make time
Stand still

And every day I'm gonna say
And every day I'm gonna say
And every day I'm gonna say
Thank you, baby
And you know
That not too long ago
I saw my troubles grow
Grow and grow
With you by my side
Little baby
Make them run and hide
And never again to show
Wo, wo, wo, to show
Thank you, baby
