## The Moody Blues

Won't you take me back to school  
I need to learn the golden rule  
Won't you lay it on the line  
I need to hear it just one more time  
Oh won't you tell me again  
Can you feel it  
Won't you tell me again  
Tonight

Each and every heart it seems  
Is bounded by a world of dreams  
Each and every rising sun  
Is greeted by a lonely one  
Oh won't you tell me again  
Can you feel it  
Oh won't you tell me again  
Tonight

'Cos out on the ocean of life my love  
There's so many storms we must rise above  
Can you hear the spirit calling  
As it's carried across the waves  
You're already falling  
It's calling you back to face the music  
And the song that is coming through  
You're already falling  
The one that it's calling you

Make a promise take a vow  
And trust your feelings it's easy now  
Understand the voice within  
And feel the changes already beginning  
Oh won't you tell me again  
Can you feel it  
Won't you tell me again  
Tonight

And how many words have I got to say  
And how many times will it be this way  
With your arms around the future  
And your back up against the past  
You're already falling it's calling you  
On to face the music  
And the song that is coming through  
You're already falling  
The one it's calling is you

Each and every heart it seems  
Is bounded by a world of dreams  
Each and every rising sun  
Is greeted by a lonely one  
Won't you tell me again  
Can you feel it  
Oh won't you tell me again  
Tonight
