

# To Share Our Love

The Moody Blues

Makes me feel good  
Now I can see  
It takes more than one to give  
The life we need

I can't think why  
I never thought of this before  
Now I know what it means to me  
To share  
To share my love

(Can't think why...)  
(Why I never thought of this before)  
(Now I know what it means to me)  
(To share, share all my love with you)  
(To share, share all my love with you)

Now that I know  
I found the answer for myself  
What a day it would be for me  
To share  
To share your love

(Can't think why...)  
(Why I never thought of this before)  
(Now I know what it means to me)  
(To share, share all my love with you)  
(To share, share all my love with you)

I can't think why  
I never thought of this before  
Now I know what it means to me  
To share  
To share my love

(Can't think why...)  
(Why I never thought of this before)  
(Now I know what it means to me)  
(To share, share all my love with you)  
(To share, share all my love with you)

Now that I know  
I found the answer for myself  
What a day it would be for me  
To share  
To share your love

(Can't think why...)  
(Why I never thought of this before)  
(Now I know what it means to me)  
(To share, share all my love with you)  
(To share, share all my love with you)

Now I know why  
I found the answer for myself  
What a day it would be for me  
To share

To share your love

(Can't think why...)

(Why I never thought of this before)

(Now I know what it means to me)

(To share, share all my love with you)

(To share, share all my love with you)

To share, to share my love

To share, to share my love

To share, to share my love

(Makes me feel good)

To share, to share my love

To share, to share my love

To share, to share my love

(I found the answer for myself)

To share, to share my love
