

# I don't want you now

The Moog

Everything is gone, what I like about you  
But I always smile if you want me to  
But I can't do now  
No, I won't smile now

If you want to do  
Something nice to me  
Please don't talk that much  
Then noone will see,  
That we're together  
That I always suffer

Please don't wake me up  
I'm tired and stuck  
I feel quite well  
But not that much  
To see your boring face again  
'cause I don't want you now  
No I don't want you now

Do you really think  
You're the best for me  
Somehow I can't find  
So called harmony  
I can be the blamed  
But I cannot stay

Your stiff soberness  
Really makes me sick  
I have nothing more  
So I gently quit  
Goodbye my love  
(I) hope I wasn't rough

No, I won't wake up  
I'm tired and stuck  
I feel quite well  
But not that much  
To see your boring face again  
'cause I don't want you now  
No I don't want you now

YEAHHH!

I don't want you now  
I don't want you now  
And I don't deny  
And I don't deny...
