

## Danger

## The Motels

Danger  
Your love is like a stranger  
So close, and yet so far away

Daily  
I make you my only  
By giving you everything  
That I have

Late at night  
When I want you  
I just close my eyes and I pray  
Late at night when I need you  
I just stop  
To me I say

Danger  
Your love is like a stranger  
So close, and yet so far away

Nightly  
I dream how it might be  
If I gave you everything  
That I have

Late at night  
When I want you  
I just close my eyes and I pray  
Late at night when I need you  
I just stop  
To me I say

Danger

Late at night  
When I want you  
I just close my eyes and I pray  
Late at night  
When I need you  
I just stop  
To me I say

Danger  
Your love is like a stranger  
So close, so close, so far
