The Movielife

To the grave and back again.

It's been so long, friend, how ya been?

Can you find it in your heart to just let me in?

Or I could just bash in your door again.

Dripping from my fingers,
Pouring from my heart.
I can't stay away,
I'm yours until it falls apart.

I see you're feeling hesitant, Your reservation's evident. I could smash in your windows and slash all your tires. Can we just do this the easy way?

Dripping from my fingers,
Pouring from my heart.
I can't stay away,
I'm yours until I fall apart.

Why can't we move on Like none of this ever Even happened?
