

Story Like a Scar

The New Amsterdams

You tell me I've got better things to do
But I'm all spent
Tally up the time that I've been waiting here for you
Haven't seen you in so long
I blink, and then you're gone

Had a conversation with a friend
You're a big part
He's in that place with you that
I used to be in
Story like a scar
A novel's worth so far that you'll write

I shouted the thing
I'm drowning in the drink
And I get lost in the memories
And so it seems
All too common themes
You got lost, you got a way out

I had a dream the other night
We were good then
And you told me all about the better place you're in
I know you just too well
It's hard for me to tell if you're lying

I shouted the thing
I'm drowning in the drink
And I get lost in the memories
And so it seems
All too common themes
You got lost, you got a way out
I shouted the thing
I'm drowning in the drink
You got lost, you got a way out
I shouted the thing
I'm drowning in the drink
You got lost, you got a way out
