

## Juliet

The Oak Ridge Boys

Juliet, Juliet  
You've got the smile that I can't forget  
On the day we met I made a bet  
Some day I'll win the love of Juliet

Long as the sand, bright as the sun  
Where have you been since my life begun  
Girl you're the one that I want to know  
Juliet let me be your Romeo

Friendly smile a sexy walk  
A charming little accent when you talk  
You're an eleven on a scale of ten  
Juliet I just wanna say it again

Just a little bit shy, just a little bit quiet  
I don't mind, I'm in love and I can't deny it
