Said You'd Be

The Panic Channel

Smile and pose
Shaking hands and stealing votes
Can we all agree
Oh
Not what you said you would be
Not what you said you'd be
Not what you said you'd be
Yeah
Not what we need

Friendly foes
Spreading lies they speak in codes
Now we finally see
Not what you said you would be
Not what you said you'd be
Not what you said you'd be
Oh
You're not what we need

Now!
Say it!
Again!
Say it!
Oh

Not what you said you'd be
Not what you said you'd be
You're not what we need

At this rate
You would make a perfect candidate
For excommunication
Weigh it up and see
Oh
Not what you said you'd be
Not what you said you'd be
Not what you said you would be
