

Sunshine

The Partridge Family

I've got the sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land

You've got to love, love one another
Whoa, shine, shine on your brother
And the whole world will discover
In the arms of every woman and man

We've got the sunshine in our hands
I've got the sunshine in my hands
You've got the sunshine in your hands
Now let it shine all over this land

Holy, holy, glory, glory
Hallelujah, I believe it now
Holy, holy, glory, glory
You can give without receiving

Now, you've got the sunshine
We've got the sunshine
I've got the sunshine
So you've got the sunshine

Holy, holy, glory, glory
I've got the sunshine
So you've got the sunshine

Sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land

You've got to love, love one another
Woah, shine, shine on your brother
And the whole world will discover
In the arms of every woman and man

I've got the sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land

I've got the sunshine in my hands
You've got the sunshine in your hands
We've got the sunshine in our hands
Now let it shine all over this land

Sunshine in my hands
