

# Confidence In Love

The Pierces

Moon rise  
Baby don't waste a night  
Subsides  
Everythings gonna be all right

Sometimes we believe the fear  
I can see that ghost from here

Look in my eyes  
Listen to my words  
I believe that we can start it all  
Everyone cries  
Everyone gets hurt  
Life can get a little rough  
Say you don't have enough  
But money don't mean a thing  
You give me confidence in love  
Confidence in love

Sometimes  
The water feels way too deep  
Strong tides  
Pulling you far away from me

I can hear the roll of thunder  
I'll keep you from going under

Look in my eyes  
Listen to my words  
I believe that we can start it all  
Everyone cries  
Everyone gets hurt  
Life can get a little rough  
Say you don't have enough  
But money don't mean a thing  
You give me confidence in love  
Confidence in love

If you fall down boy  
Know I'll stick around boy  
I just see the best in you  
Gonna gonna get up, gonna make it through

Look in my eyes  
Listen to my words  
I believe that we can start it all  
Everyone cries  
Everyone gets hurt  
Life can get a little rough  
Say you don't have enough  
But money don't mean a thing  
You give me confidence in love
