

Me And Him

The Pierces

Hey little boy would you carry me
My head's too heavy for my two feet
The day is done but we've just begun

So wait just a minute take it from the top
Cause when it gets goin' it may never stop
It's always been me and him
But I'm so tired, yes I'm so tired

And I want you to know that cigarettes blow
Don't do it for me no more
You must understand
No woman no man
Will ever decide who I am
It just feels right to feel right

Hey little boy, but that can't you see
The fire inside that is burning me
Ah if you don't I will be gone
So take in your arms all the love we made
And throw it in fire with the debt we paid
It's always been me and him
But I'm so tired, yes I'm so tired

And I want you to know that cigarettes blow
Don't do it for me no more
You must understand
No woman no man
Will ever decide who I am
It just feels wrong to feel wrong
Hey little boy would you carry me
My hearts's too heavy for my feet
The day is done but here comes the sun
