## The Police

It's all a game  
You're not the same  
Your famous name  
The price of fame

Oh no  
Try to liberate me  
I said oh no  
Stay and irritate me  
I said oh no  
Try to elevate me  
I said oh no  
Just a fallen hero

Don't wanna hear about the drugs you're taking  
Don't wanna read about the love you're making  
Don't wanna hear about the life you're faking  
Don't wanna read about the muck they're raking

You sang your song  
For much too long  
The songs they're wrong  
The bread has gone

Oh no  
Try to liberate me  
I said oh no  
Stay and irritate me  
I said oh no  
Try to elevate me  
I said oh no  
Just a fallen hero

Don't wanna hear about the drugs you're taking  
Don't wanna read about the love you're making  
Don't wanna hear about the life you're faking  
Don't wanna read about the muck they're raking

It's all a game  
You're not the same  
Your famous name  
The price of fame

Oh no  
Try to liberate me  
I said oh no  
Stay and irritate me  
I said oh no  
Try to elevate me  
I said oh no  
Just a fallen hero  
(Oh, you're just a fallen hero)

Don't wanna hear about the drugs you're taking  
Don't wanna read about the love you're making  
Don't wanna hear about the life you're faking  
Don't wanna read about the muck they're raking

Don't wanna find out what you've been taking  
Don't wanna read about the love you're making  
Don't wanna hear about the life you're faking  
Don't wanna read about the muck they're raking

Don't wanna find out what you've been taking  
Don't wanna read about the love you're making  
Don't wanna hear about the life you're faking  
Don't wanna read about the muck they're raking
