

Psycho Over You

The Queers

When I lie awake, and I dream all night,
Then I see a girl like you.
And you're always there, and you're my best friend.
And you're into what I do.

You're the girl that the boys want,
That'll make their dreams come true.
When I need a friend, you always
Come through for me.

I'm going psycho, psycho over you.
I'm going psycho, psycho over you.
I'm going psycho, psycho over you.
I'm going psycho, psycho over you.

Well, I'm never down when you hang around,
And you always cheer me up.
It's a stupid song, and it's kinda long,
But it just don't seem enough.
