

## Sail Away

## The Rapture

Sail  
Sail away  
Sail away with you  
With you

Stay  
Gonna stay  
With you  
On an ice-covered hill  
And I'll never come down

These people  
They don't know  
How it feels  
How it feels  
With you

I look away  
I see sadness  
I see pain  
But with you  
I see hope  
I see shame disappear  
I see shame disappear  
I see shame disappear  
I see shame disappear  
I see shame disappear

These people  
They don't know  
How it feels  
How it feels  
With you  
With you

Sail  
Sail away  
Sail away with you  
With you

Stay  
Gonna stay  
With you  
On an ice-covered hill  
And don't ever look back
