

# Forever in Your Arms

The Raveonettes

I always used to fall in love  
I always used to fall asleep  
Fuck me tide with bright eyes  
Chase the way like  
The other night

And, now  
You stayed so cool  
Forever in your arms  
Someday you'll stay too  
Someday you'll stay too

I love to stare and see you smile  
Beautiful body, laying in the sand  
We saw each other from the far  
We write something  
Remember you are

And, now  
Let's stay united  
Uh, I guess  
Tonight we're here to care  
Tonight we're here to care

And, now  
Lets do it good  
Forever with you in your arms  
Finish that game for good  
Finish that game for good

I always used to fall in love  
I always used to fall asleep  
Fuck me tide with bright eyes  
Chase the way like  
The other night
