Where Hearts Are Dead

The Raveonettes

Mary Ann is dead So dead to me Such a rocking girl Such a kind of dear (Summertime)

Gotta have that girl Gotta have her now Gotta put me here Get nothing as fast

Still chilling days Where hearts are dead Gotta kill the way Some little time

Gotta make you say
She marry me
I thought that you've
Been sucking her
Now!

Where what I have Not what I want Where I'm gone Not what I can

Won't let me in
Where hearts are now
Won't let me in
Some little time
Now!

Let me tell the day
My heart split to leave
Not a chance for war
In time still
Now!
Now!
