

# Kill to Survive

## The Riot

Lately I've become a sort of stranger to myself  
Living on a broken dreams trapped in my private hell  
I don't know what to think or feel inside  
Lost it all when I left my soul behind  
Build a mighty fortress on my grave

Lightning cracks the sky  
Raising hordes of angels  
Weary of this world

Fighting, raging through the battle, warrior  
Kingdoms washed into the sea  
Spirits cast the spell of darkness, glorious  
Madness reigns in all our lives

Kill to survive  
Kill to survive

All the magic's fading and the war will never end  
Blooded bodies butchered by the demons in my head  
I gotta feeling I know what you might say  
I gotta feeling it's time to get away  
I gotta feeling that we've both go insane

Lightning cracks the sky  
Raising hordes of angels  
Weary of this world

Fighting, raging through the battle, warrior  
Kingdoms washed into the sea  
Spirits cast the spell of darkness, glorious  
Madness reigns in all our lives

My wretched soul  
In burning bright  
Your blackened heart  
To kill is to survive

Lightning cracks the sky  
Raising hordes of angels  
Weary of this world

Fighting, raging through the battle, warrior  
Kingdoms washed into the sea  
Spirits cast the spell of darkness, glorious  
Madness reigns in all our lives

Fighting, raging through the battle, warrior  
Kingdoms washed into the sea  
Spirits cast the spell of darkness, glorious  
Madness reigns in all our lives  
Madness reigns in all our lives

Kill to survive  
Yeah, Kill to survive!
