

## One Season

The Roches

One season I was born  
fell down like an acorn  
I am the only tree  
and everybody leaves

I've got to get away from you

Bud growing up at me  
resentful face I see  
a harsh light seems to damn you  
is it because I am you?

I've got to get away from you  
I need to find a love that's true

Loose leaf lay on the bed  
hair falling around her head  
I watched her from the shore  
I can't do any more

I've got to get away from you  
I'll come and visit you in the zoo

We go on arguing  
no one can say a thing  
set down your key and trumpet  
go have a dream and hump it

I've got to get away from you  
you don't know what you put me through

Prized fighter with bruised pride  
a fuse blew when you tried  
to fix the worn out wire  
and set the house on fire

I've got to get away from you  
if only for a day or two
