

Savage Circle

The Ruts

Life's a savage circle
Some people dedicated to ruin my life
Life's a savage circle
OK baby said you're alright

You think you know me well
Well you can go to hell
Your thick gives me a frown
Well baby it's getting me down

Life's a savage circle
Some people dedicated to ruin my life
Life's a savage circle
OK baby said you're alright

You wear that look of doubt
Uncertainty is out
I wind up just like you
I hope I'm getting through

Life's a savage circle
Some people dedicated to ruin my life
Life's a savage circle
OK baby said you're alright

You think you know me well
Well you can go to hell
Your thick gives me a frown
Well baby it's getting me down

Life's a savage circle
Some people dedicated to ruin my life
Life's a savage circle
OK baby said you're alright

You wear that look of doubt
Uncertainty is out
I wind up just like you
I hope I'm getting through

I think you know, it's getting me down
It's getting me down,
Down down, Down
