

# Bigger

The Saturdays

These planes can't keep flying if we rent the sky  
'Cause we're bigger, bigger  
Our time can't keep passing, forever we're lasting  
We're bigger, so bigger

Bigger than the sky and everything in it  
Bigger than the deepest ocean we swim in  
Bigger, we're all bigger  
Bigger than the bridge we're crossing in London  
Bigger than the longest races we're running  
Bigger, we're all bigger

Bigger than love  
Bigger than love

These waves can't keep crashing, we're looking right pass them  
We're bigger, yeah, so bigger, yeah  
Earthquakes keep shaking but we're never breaking  
We're bigger, yeah, we're so much bigger

Bigger than the sky and everything in it  
Bigger than the deepest ocean we swim in  
Bigger, we're all bigger  
Bigger than the bridge we're crossing in London  
Bigger than the longest races we're running  
Bigger, we're all bigger

Bigger than love  
Bigger than love

The music could stop but we keep on dancing  
If we ever drop from the sky we're landing  
Bigger, bigger  
The world could end but we won't stop living  
The sun could black out but we'll never back out  
Bigger, we're bigger

Bigger than love  
Bigger than love

We're bigger than love
