

I Want You More

The Saw Doctors

I want you more

I want you more

Than the stars in the sky

Or a mountain bike

Or a bit more

Than a lift

When i'm ages thumin'

I want you so much more

Than any other woman

More, more, more

I want you more,

I want you so much more.....

And I want you more

Than an ice cream cone

More than a hungry dog

Wants a bone

Duty free fags

Or a carton of wine

More than a pint after closing time

More than a ticket for the hogan stand

More than I want to shake the presidents hand

I want you so much

More, more, more,

I want you more

I want you so much more
