SAW DOCTORS - Small Bit Of Love

She's up with her boy in the mornin'
To feed him an' put on his clothes
An' make sure he's alright til the end of the day
An' watch him wherever he goes

An' his father's gone off gallivantin'
He might an' he mightn't come home
A young single mother, strong and courageous
It's hard but it's under control

Spend half of your life worryin' about nothin'
Or on the road travellin' for miles
At the end of the day
What more can I say?
A small bit of love makes it all... worthwhile

The girl at the checkout in Quinnsworth
I wonder what's goin' round her head
If she didn't need every penny she earns
She'd rather be lyin' in bed

But it's off with the coat in the evenin'
Out past the trollies an' home
In her mind she's got someone she's dyin' to meet
Her heart leaps with the ring of the phone

You spend half of your life worryin' about nothin'
Or on the road travellin' for miles
At the end of the day
What more can I say?
A small bit of love makes it all worthwhile

You can fall for someone in a mansion
Or someone of no fixed abode
Or someone who's stayin' at home all their life
Never set foot on the road

An' there's no accountin' for lovin'
'Cos we're such a strange creation
You could fall for your own second cousin
Or a far distant foreign relation

You spend half of your life worryin' about nothin'
Or under or travellin' for miles
At the end of the day
What more can I say?
A small bit of love makes it all worthwhile

You spend half of your life worryin' about nothin'
Or on the road travellin' for miles
At the end of the day
What more can I say?
A small bit of love makes it all... what you want

A small bit of love goes a long long way
A small bit of love goes a long long way....
