

# The Last Time

## The Script

Why's it so hard to look me in the eye?  
Playing with that cross that's on your chain  
I know you only ever bite your lip  
When it's something you're afraid to say

Is this the last time that I lay my eyes upon you?  
Is this the last time that I ever watch you leave?  
This is the last thing I would ever have done to you  
This is the last thing that I thought you'd do to me

We said that it would last, but how come it's the last time?  
I'm tryna hold your hand but feeling like my hand's tied  
We said we'd be forever, now you'll never ever be mine (oh-oh-oh)  
We said that it would last, but how come it's the last time?

You've practiced leaving many times before  
But I guess you'll get it right today  
Leaving that ring I gave you in the drawer  
But you're taking every single part of me

Is this the last time that I lay my eyes upon you?  
Is this the last time that I ever watch you leave?  
This is the last thing I would ever have done to you  
This is the last thing that I thought you'd do to me

We said that it would last, but how come it's the last time? (oh-oh-oh)  
I'm tryna hold your hand but feeling like my hand's tied (oh-oh-oh)  
We said we'd be forever, now you'll never ever be mine (oh-oh-oh)  
We said that it would last, but how come it's the last time? Oh

I think of the first kiss  
That led to the first night  
Whoa, whoa  
I think of the first tiff  
That led to the first fight  
Whoa, whoa  
Ooh

We said that it would last, but how come it's the last time?  
I'm tryna hold your hand but feeling like my hand's tied, mmm

We always said we'd be forever, now you'll never ever be mine, ooh (oh-oh-oh)  
We said that it would last, but how come it's the last time? Oh, ooh  
I think of the first kiss  
That led to the first night  
Whoa (first night), whoa (whoa)  
I think of the first tiff (first tiff)  
That led to the first fight  
Whoa, whoa, oh

We said that it would last, but how come it's the last time?
