

# Underdog

## The Script

Just when you think I've given up, I start to fight  
Just when you think I've had enough, I start to bite  
I'm gonna prove the whole world wrong tonight  
This is for the underdog, underdog  
You can call me out, but watch me rise  
I've been going up against it all my life  
I'm gonna prove the whole world wrong tonight  
This is for the underdog, underdog (Yeah)

This is for the lost, the left out, the leftover  
The ones who fight wars, the true soldiers  
For the ones who keep marchin' on  
This is for the highs, the eyes-eyes cannot believe him  
The woes, the low of lows, we don't give in, no  
For the ones who keep holdin' on (Keep holdin' on)

So remember what I told ya  
It ain't over till it's over

Just when you think I've given up, I start to fight  
Just when you think I've had enough, I start to bite  
I'm gonna prove the whole world wrong tonight  
This is for the underdog, underdog

This is for the ones who dig deep, the prize winnin'  
The need to succeed and keep givin'
