

Love Your Enemy

The Secret

They eat flesh
They drink blood
In the name of the father, the son and the holy spirit
That's how the fear has been evangelized
The truth is a hallucination sold with the deceit
And millions of followers are living on their knees
Humiliated and sacrificed
For being beatified
In the name of the father, the son and the holy spirit
That's how they waste their empty lives
The truth is death is served on a silver platter
And for millions of them we all pay the price
The terror the collapse the plague
The worst enemy
The crisis the holocaust the curse
They are the worst enemy
