

# How to Destroy a Relationship

The Servant

What I thought would never come has come  
I wish that I could say I did it coz I was young  
Or even that its just that I'm dumb  
The sweet ropes have come undone

I hurt someone  
Something's gone  
Something wrong with me

Baby I've never been very good at anything  
We can keep talking I'll soon be walking out that door

Dr Jeckyll and Mr Hyde  
Dancing round in my insides  
Don't you see I can't look in your eyes  
I'm scared you'll see the lies

Why did I hurt someone  
Something's gone  
Something wrong with me

Baby I've never been very good at anything  
We can keep talking I'll soon be walking out that door  
Baby I've never been very good at anything  
We can keep talking I'll soon be walking out that door

Oooo yeah yeah yeah
