

Jesus Says

The Servant

This is my body
This is my blood
This is my mobile
These are my drugs
Eating egg and bacon in my flat
Ripping up paper making wraps
This is my body
This is my blood
This is my mobile
These are my drugs
Eating egg and bacon in my flat
Ripping up paper making wraps
Because it's all about the profit
And I'm a prophet
It's all about the profit
And I'm a prophet
I'm a complex system
I'm a line of code
You're a complex system
You're a line of code

Brothers and sisters
Jesus says leave your cars and offices
Brothers and...

This is my body
This is my blood
This is my mobile
These are my drugs
Eating egg and bacon in my flat
Ripping up paper making wraps
You idiot
I'm a liar
I'm the robot from Isiah
See the sky freeze
The ocean boil
I baptise you with crude oil
I synthesize dreams
Your dreams
I synthesize dreams
Your dreams
I'm a complex system
I'm a line of code
You're a complex system
You're a line of code

Brothers and sisters
Jesus says leave your cars and offices
Brothers and...

Don't you want to save your soul
Don't you want to save...

Brothers and sisters
Jesus says leave your cars and offices
Brothers and...

Jesus says oo ooo!..
