

Great Day

The Sounds

I sat at home and watched the morning show
I heard a woman lost a child in a nearby town
I thought and said I wouldn't be surprised
I just wish I wasn't part of these careless lies
Suddenly she turned her head
Just like she used to do
Well it's a great day to be alive
A great day to be alive
Well it's a great day to be alive
A great day to be alive
A man got shot walking home to his wife
Oh God what did he do to deserve this life
I can't believe it's happening here
I just wish that all these headlines would disappear
We had some laughs and we shed some tears
Just like we used to do
Would you wanna, would you wanna
Come dance with me
Would you wanna, would you wanna
Fall in love with me
Would you wanna, would you wanna
Come dance with me
Would you wanna, would you wanna
Fall in love with me
Come dance with me
