

Loving You Too Well

The Stanley Brothers

I've held you close ten thousand times
You promised to be mine
You broke my heart ten thousand ways
When you kissed me your last time

I'm worried troubled I can't sleep
This story I must tell
The worst mistake I ever made
Was loving you too well

Another man took you from me
He stole your heart away
I've often prayed to God above
You'd wander back some day
