

## Standing Room Only

The Stanley Brothers

In your heart there's just standing room only  
D7 G D7

You had so many lovers before

G C  
But please pity your life that's been lonely  
D7 G

And let me come in your heart's door

D7 C G  
In your heart there's just standing room only  
A7 D7

But you know love is deeper than pride

G C  
If I can't be your one and only

D7 G  
I'd be happy just to stand there in sight

C  
With you now I plead oh so lonely

D7 G D7  
Don't lock me outside with no key

G C  
In your heart there's just standing room only  
D7 G

But I beg you to make room for me

D7 C G  
In your heart there's just standing room only  
A7 D7

But you know love is deeper than pride

G C  
If I can't be your one and only

D7 G  
I'd be happy just to stand there in sight
