Long Hot Summer

The Style Council

I play out my role Why I've even been out walking They tell me that it helps But I know when I'm beaten All those lonely films And all those lonely parties But now the feeling is off-screen An' the tears for real not acted, anymore

I'm all mixed up inside I want to run but I can't hide And however much we try We can't escape the truth and the fact is

Don't matter what I do It don't matter what I do 'Cause I end up hurting you

One more covered sigh And one more glance you know means goodbye Can't you see that's why We're dashing ourselves against the rocks of a lifetime

(In my mind different voices call)
What once was pleasure now's pain for us all
(In my heart only shadows fall)
I once stood proud now I feel so small
(I don't know whether to laugh or cry)
The long hot summer just passed me by
