

If You Don't Watch Out

The Stylistics

Like the sting of a bee
I was stung by your sweet love before
And like a child at play
I was sure I would even the score

A bee loves honey
And you still attract me
And if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)
And if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)

I was trapped like a fly
That was caught within a spider's web
No, you won't catch me twice
'Cause I won't be made a fool again

But your love is tempting
Don't make me give in
'Cause if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)
'Cause if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)

A bee loves honey
And you still attract me
And if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)
And if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)
And if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling)
And if I don't watch out, I'll fall in love with you again
(Falling, falling, ooh falling).
