

Stay

The Stylistics

I only know that you must stay
With me tonight my love
There's no all ?? my love
Now that we both feel this way
Stay... stay

Don't take your love away from me
Oo..Oo
I need you baby stay with me
Oo oo oo oo oo

I only know that you must stay
Forever close to me
That's how it suppose to be
Love me now
Oh, love me now
Stay....stay

Don't take your love away from me
Oo..Oo
I need you baby stay with me
Oo oo oo oo oo

Wise men through the ages
Never could explain
What makes two people fall in love

So who am I to question
What wise men can't explain
I only know my love
I only know that you must stay

And love me tenderly
Come, let your heart cling to me
Say you spend your life with me
Stay....stay

Don't take your love away from me
Oo..Oo
I need you baby stay with me
Oo oo oo oo oo

Don't take your love away from me
Oo..Oo
(I only know that you must stay)
Don't take your love away from me
Oo..Oo
(I only know that you must stay).
