

Tears And Souvenirs

The Stylistics

The day she said goodbye
The day she said goodbye
She left me with tears
Tears and souvenirs
Tears and souvenirs
Tears and souvenir

Hello faded valentine
Do you remember me
How will I know
Your words of yesterday
Valentine what's new today

Hello happy photograph
I still remember you
That funny face
That change my life somehow
Photograph where is she now...

The day she said goodbye
The day she said goodbye
The day she said goodbye
The day she said goodbye
She left me with tears
Tears and souvenir

Little painted clown
Lies that means so much
We've been out of touch
And you were born of
Deck of cards
You knew very well
I've been left alone
Playing solitaire...

Hello silent souvenirs
Forgive me if I should cry
But no one knows
As well as you my friends
This life of mine
Came to an end

The day she said goodbye
The day she said goodbye
The day she said goodbye
The day she said goodbye
And left me with tears
Tears and souvenirs
Tears and souvenirs

The day she said goodbye
Tears and souvenirs
The day she said goodbye
Tears and souvenirs
The day she said goodbye
Tears and souvenirs.
