

# Wonder Woman

## The Stylistics

The first time ever I saw you  
I knew that you'd be

The only girl for me  
The first time ever I touched to you  
I felt such a thrill  
I know I always will  
A miracle came my way  
And that's why I say

Wonder Woman, Wonder Woman  
Wonder Woman, you will never know  
How wonderful you are to me  
Wonder Woman, you will never know  
How wonderful you are to me

The first time ever I kissed you  
And kissed you again  
I fell in love right then  
The first time ever I laid there  
In your warm embrace  
I knew I found my place  
And if you could hear me pray  
You would hear me say

And fade out
