

Giggalo

The Sugarhill Gang

We want you to get up
And then do the giggalo dance
We want you to get up
We want you to get up to the get down
We want you to get up
And then do the giggalo dance
We want you to get up
We want you to get up to the get down
We want you to get up
And then do the giggalo dance
We want you to get up
And then do the giggalo dance

Get up, get up, get-get on up (hey)
You got to get up to get down (a-party people)
It ain't nothin' but a party, to make you shake your body
When the Sugarhill Gang's around (say what?)
So get up, get up, get-get on up (hey)
You got to get up to get down (crew!)
It ain't nothin' but a party, to make you shake your body
When the Sugarhill Gang's around

We want you to get up
And then do the giggalo dance
We want you to get up
We want you to get up to the get down
We want you to get up
And then do the giggalo dance
We want you to get up
And then do the giggalo dance

Say J-I-G-G-A-L-O
R-O-C-K didn't ya know?
That the people out there and across the game
We're gonna get together yeah and have a big shebang
Say J-I-G-G-A-L-O
R-O-C-K now ya know?
That when, we're rockin' to the, uh, big beat
We need you or the party just ain't complete

We want you to get up
And then do the giggalo dance
We want you to get up
We want you to get up to the get down
We want you to get up
And then do the giggalo dance
We want you to get up
And then do the giggalo dance

Aww, get up, get up, get-get on up
You got to get up to get down
It ain't nothin' but a party, to make you shake your body
When the Sugarhill Gang's around
Get up, get up, get-get on up
You gotta get up to get down
It ain't nothin' but a party, to make you shake your body
When the Sugarhill Gang's around

Get up, get up, get-get on up
You got to get up to get down
It ain't nothin' but a party, to make you shake your body
When the Sugarhill Gang's around

Alright now everybody, we gonna get to this little bit of party thing right
here
It ain't hard to do now
Don't be scared, come on, come on
Everybody, everybody, come on:

Say da-da
Da-dee-da-lee-da-da
Dee-dee-dee-dee-dee-dee-dee-dee-dee-dee-dee-dee-dee
Da-lee-da-da

Da-da
Da-dee-da-lee-da-da
Dee-dee-dee-dee-dee-dee-dee-dee-dee-dee-dee-dee-dee
Da-lee-da-da
Everybody sing!

We want you to get up
And then do the giggalo dance
We want you to get up
We want you to get up to the get down
We want you to get up
And then do the giggalo dance
We want you to get up
And then do the giggalo dance
We want you to get up
And then do the giggalo dance
We want you to get up
And then get up to the get down...
