

## Kick It Live from 9 to 5

The Sugarhill Gang

We're jammin to the beat  
Gotcha comin' in from out the streets  
Let's cram the jam with the homeboy  
And the fly girls lookin' sweet  
Cause we can party from 9 to 5  
Doesn't matter when you arrive  
Aye, as long as when you come  
You'll have some fun  
And kick it live  
So everybody just clap ya hands  
Hey girl you better grab a man  
You can make the last dime  
It's party time  
So everybody get up

And get up and jam!  
So if ya wanna get down  
Come on!  
Let's go to a party  
Where the ladies  
Come out!  
To show off they body  
Where the men try to get loose  
Come in  
To show who's got the juice  
Well i'm down  
Come on  
It sounds like fun  
Well i'm down  
We gonna rock some  
Huh!  
I'm down you know i am  
Why  
We like to jam  
Well i'm big bang hank  
The bosho shot  
Nothin' i like better  
Than hittin' the spot  
At a high-powered party  
We rollerjam  
You comin'?  
You know i am!  
Hey well i'm master g  
The ladies know darn well  
That i turn out the show  
But it wouldn't be a party  
Without you there  
To class up the whole affair  
And of course they call me wonder mike  
And if you can't hang then take a hike  
Get movin' to the groove'n it's alright  
Cause ain't nothin' like a party night  
Forget your 9 to 5, then come alive  
Forget about uncle sam  
Don't worry about a tax

Everybody get up

And get up and jam  
So if ya wanna get down  
Come on!  
Let's go to a party  
Where the ladies

I'm down you know i am  
Why

We like to jam  
We're breakin' hard  
So let me tell you this  
It's just the kind of party you shouldn't miss  
So come on down and you'll be glad you came  
And we'll feel the same  
Cause you can dance all night  
If the beat is tough  
So girls get ready to strut yo stuff  
And when it's time to go  
Well then you'll say no  
We didn't do enough  
Y'all turned it out and we did too  
But that's not enough cause we're not through  
We forgot to scream and so did you  
So here's what we want y'all to do  
Clap while we rap  
Hey  
And cheer while we're here  
Come on  
Fly guys, fly girls, fly girls, homeboys  
Everybody in the place,  
Let's make some noise  
[record scratching]  
We're jammin to the beat  
Gotcha comin' in from out the streets  
Let's cram the jam with the homeboy  
And the fly girls lookin' sweet  
Cause we can party from 9 to 5  
Doesn't matter when you arrive  
Aye, as long as when you come  
You'll have some fun  
And kick it live  
So everybody just clap ya hands  
Hey girl you better grab a man
