

## Vortex

## The Swan Bride

these days are driven by doubt  
everything keeps spinning around  
it pulls me into vortex  
it sucks me into vortex

24/7 I endlessly try  
to get rid of my questioning mind  
it pulls me into vortex  
it drives me into vortex

I got lost in search  
I got lost in search....

everything keeps spinning around  
flashing lights & beat of the heart  
whatever comes, don't turn around  
we danced to the sound  
of shattered glass

I got lost in search  
I got lost in search  
I got lost...  
in search for life decoder
