

# You've Got My Soul on Fire

The Temptations

Baby, you better quit, umm

Well, keep on doin' whatcha doin', yeah  
Feels so good to me, girl  
Keep on doin' whatcha doin', lady  
Ooh, you feel so good to me  
Girl, I went to see my doctor and he told me  
Well, from your lovin' I've got to stay away  
He told me to let you go for my heart can't stand much mo'  
And there oughta be a law against lovin' a man this way  
Aww, but I can't get enough of your lovin', no, Lord  
And my need keeps getting stronger every day  
Girl, I've got just one life to live and a lotta love to give and give  
And let it be known that I ain't ashamed to say

You've got my soul on fire  
(On fire)  
Don't you ever stop it, baby, what you doin' to me  
Girl, now you've got my soul on fire  
(On fire)  
Oh, yeah, baby, baby  
I like it, like it, like it, baby, like it, hey, girl

When it comes to lovin', you're one of a kind  
Satisfaction guaranteed, every doggone time, whoa, baby  
You ain't got to worry about me ever leaving you  
'Cause they ain't made a woman yet that can do the things you do  
Oh, oh  
When you press your sweet lips to mine, oh baby  
My blood starts boiling and my temperature starts to rise  
Girl, I shudder, baby, and I ain't ashamed to admit it  
And even if it kills me, girl, I don't want you to quit it

You've got my soul on fire, oh yeah, baby  
(On fire)  
I like it, I like it, like it, like it  
You've got my soul on fire  
(On fire)  
Ho, fire, aw, baby  
I like it, like it, like it, like it, like it, baby, oh, baby

Ooh, girl, I like it  
Ooh, ooh, woo, woo, woo, mmm, mmm, mmm  
Don't stop, Lord, don't stop, I like it  
Ooh, ooh, ooh, ooh, ooh, oh, baby

When you put your loving arms around me  
Girl, my mind, body and soul you control  
(You control)  
I'm your puppet on a string, hey, and one more thing  
Woman, your love is too hot to hold

You've got my my soul on fire  
(On fire)  
Oh, baby, baby, I like it, like it, like it, like it  
You've got my soul on fire  
(On fire)

Oh, yeah, heh, heh, my baby  
I like it, like it, like it, you've got my soul on fire  
(On fire)  
Hey, don't you ever stop it, baby, don't you stop it  
Baby, now you've got my soul on fire  
(On fire)  
Oh, yeah  
Baby, oh, baby  
(On fire)  
Don't you stop it, baby  
Better move your hair, oh yeah  
Don't stop it, baby  
(On fire)  
Better move your hair, oh, I like it, like it, like it, like it, like it
