

# Tonight, Tonight

The Tokens

Tonight, tonight while I'm holding you so near  
Tonight, tonight, what I'd give if I could hear  
The three little words, that would thrill the heart of me  
Just whisper, shh, I love you and will eternally

Tonight, tonight, more than anytime before  
This heart of mine, seems to need you so much more  
The touch of your lips, the thrill of your embrace  
Keep saying, that no one, could ever take your place

While looking up a far, I wished upon a star  
And prayed for a blessing from above  
Well, if my wish would come true until our life is through  
I'll have you near, to have, to hold and to love

Tonight, tonight may it never reach an end  
I'll miss you so, till you're in my arms again  
With all of my heart I declare with all my mind  
I'll love you forever, as I love you tonight  
(Love you, love you, love you tonight)  
Woah, yeah

Tonight, tonight may it never reach an end  
I'll miss you so, till you're in my arms again  
With all my heart I declare with all my mind  
I'll love you forever, as I love you tonight
