

Fa la La, la La, la Le

The Tremeloes

You tell me
You would like to be
Always happy
As I seem to be
You feel bad
I'm feeling good
There's a reason
This is what to do
Fa la la, la la, la le
Come and sing along with me
There's nothing wrong if you can't sing along
To the tune of the simple melody
Fa la la, la la, la le
Take your time, and you will see
That you will smile in a while if you sing
To the tune of the simple melody
Don't you cry
I'll tell you why
You'll get by
If you'd only try
Look at me
Happy as can be
You can be
If you sing with me
Fa la la, la la, la le
Come and sing along with me
There's nothing wrong if you can't sing along
To the tune of the simple melody
Fa la la, la la, la le
Take your time, and you will see
That you will smile in a while if you sing
To the tune of the simple melody
La la la, la la, la le
Fa la la, la la, la le
Fa la la la, la la la, la la la, la la la, la la
La la, la la le
Fa la la, la la, la le
Fa la la, la la, la le
Fa la la la, la la la, la la la, la la la, la la
La la, la la le
